PAVING WORK ON NH ROUTE 104 IN NEW HAMPTON – MEREDITH
ALSO NH ROUTE 25 PAVING WORK IN MOULTONBOROUGH

The New Hampshire Department of Transportation announces paving work is planned for Wednesday, September 15 through Friday, September 17, 2004 on approximately eight miles of NH Route 104 in New Hampton and Meredith, beginning at Exit 23 of Interstate 93.

This paving work will require one-way alternating traffic at various locations during these three days from 6:00 am until 7:00 pm. Uniformed officers and flaggers will assist motorists through the work zones. Some delays can be expected.

Paving work is also taking place today (September 13) and tomorrow (September 14) on approximately two miles of NH Route 25 in Moultonborough between Moultonborough Neck Road and NH Route 109 East. Alternating on-way traffic will be necessary in order to complete the work. Some delays can be expected.

Pike Industries Inc. of Belmont, New Hampshire is the general contractor for these two paving projects.
